

LTDA

Since November 2015, Tavistock Place has been converted to a one way road as part of a trial in order to install a new cycle lane. This has led to traffic being displaced into neighbouring streets increasing congestion in the wider area. Between 12 September and 21 October, Camden Council is undertaking a consultation on the measures. By completing and returning this survey you can let the Council know your views on the measures.

I INSERT NAME

use a black cab to travel through the Bloomsbury area to

INSERT REASON FOR TRAVEL

1. Would you like the current street layout to become permanent?
(Eastbound only traffic and two cycle lanes)

Yes No No opinion

2. Would you like the street to return to its pre-trial layout?
(Two motor traffic lanes and one two-way cycle track)

Yes No No opinion

3. Do you believe that the Council should look at alternatives that keep two traffic lanes but also make improvements for cyclists?

Yes No No opinion

4. Do you believe that the changes to Torrington Place and Tavistock Place have made congestion?

Better Worse No difference
