Privacy Statement and Data Protection

As a Local Authority and Data Controller, London Borough of Camden collects holds and processes a considerable amount of information, including personal information about residents, people it provides services to, and other people. It does this to provide its services in the most effective and efficient way that it can

The Council recognises that it has a duty to people whose information it holds to treat that information responsibly, keep it safe and secure, and process it correctly and proportionately. This privacy notice explains how we use any personal information we collect about you

If you would like general information about Data Protection, the law and good practice please see the Information Commissioner's website. The Information Commissioner is the Data Protection statutory governing body for England and Wales.

Who is the data Protection Officer?

The name and contact details of the Data Protection Officer:

London Borough of Camden
Judd Street
London
WC1H 9JE

0207 974 4444

The Council's Data Protection Officer is Andrew Maughan who is the council's Borough Solicitor. He can be contacted at: dpo@camden.gov.uk

What information do we collect about you and for what purpose?

We may collect personal or company data about you, which covers basic details such as name, address, telephone number, postcode and email address. We will always explain to you why and how this information will be used.

We process personal or company information to enable us to provide a range of services within the Streetworks Team, which are governed by government legislation.

We will process personal or Company data for the following purposes:

For the purpose to which you provided the information. (e.g. processing information for the purpose of processing your application forms), and to monitor the Council's performance in responding to your request

To allow the Council to be able to communicate and provide services appropriate to your needs,

Where necessary for the Council's Law Enforcement functions, e.g. licensing, planning enforcement, trading standards, food safety, etc. where the Council is legally obliged to undertake such processing

Where you have consented to the processing or for the purpose of a contract/application you have entered into with us

Where otherwise permitted under data protection legislation e.g. disclosure to comply with legal obligations.

Departments in Camden that have personal and sensitive information on you will only allow designated officers to access or process this information. If an external agency asks us to provide any information that is

sensitive and personal to you we will only disclose it once we have your specific consent to do so or where we are legally required or legally able to do so.

Camden Council may also use your personal or company data, after it has been anonymized, to allow the statistical analysis of data to allow the Council to effectively target and plan the provision of services

The legal basis of processing:

It is necessary for the performance of a contract or application form

It is necessary for the compliance of Government legislation

When do we share your personal data with third parties?

The Council may disclose personal or company data to third parties, but only where:

It is necessary to comply with a legal obligation, or Where permitted under data protection legislation, e.g. where the disclosure is necessary for the purposes of the prevention and/or detection of crime; or

Where it is necessary to allow a third party working for or on behalf of the Council and/or to provide services to you. The information you provide us may be shared with other Local Authorities, the Department of Work and Pensions (DWP), HMRC and the Home Office. There will be times that the information will be disclosed to our partner organisations that provide services on behalf of Camden. Once your details are no longer required, they will be deleted securely. The Council will take all reasonable steps to make sure personal data we hold is kept safe. Were your information is disclosed to a third party, the Council will seek to ensure they have sufficient systems and procedures in place to keep your data safe and prevent its loss.

If you choose to complete any of our online forms, Camden Council will not use the personal information you give us for marketing purposes without first gaining your consent. We may pass your details on to third party service providers who are contracted to Camden Council in the course of dealing with your request E.g a homecare agency. These third parties are obliged to keep your details secure, will use them only to fulfil the request and will dispose of the information at the appropriate time

No personal information you have given us will be passed on to third parties for commercial purposes

Our policy is that all information will be shared among officers and other agencies where the legal framework allows it, if this will help to improve the service you receive and to develop other services.

How long do we keep your personal data?

We keep your personal or company data for no longer than reasonably necessary and in line with our corporate data retention schedule

Security of your information

In deciding what personal data to collect hold and use, the Council is committed to ensuring that it will:

Recognize that any personal data handled by Camden is held on behalf of that person and that we ensure we respect that responsibility

Adopt and maintain high standards in respect of the handling and use of that personal and company data

Only collect, hold and use personal data where it is necessary and proportionate to do so

Securely delete any personal data when no longer needed

Keep your personal data secure and safe

Not unnecessarily and without good reason, infringe the privacy of those upon behalf we hold data

Consider and address the privacy risks first when planning to use or hold personal information in new ways, such as when introducing new systems

Be open and transparent with individuals about how we use their information and who we give it to

Make it easy for individuals to access and correct their personal information (see Your rights)

Provide training to staff who handle personal information and treat it as a disciplinary matter if they misuse or do not look after personal and company information properly

Have a robust data breach reporting procedure that effectively manages the risks and includes actions to minimise a similar breach occurring again.

Transfer of data abroad

We will not transfer your personal information outside the EU.

Your Rights

Unless subject to an exemption under data protection legislation you have the following rights with respect to your personal data:

The right to request a copy of your personal data, which the Council holds about you

The right to request that the Council correct any personal data if it is found to be inaccurate or out of date

The right to request your personal data is erased where it is no longer necessary for the Council to retain such data

The right to withdraw your consent to the processing at any time, but only if we have relied on your consent to process your data when you supplied it to us

The right, in certain circumstances, to request that the Council provide you with your personal data and where possible, to transmit that data directly to another data controller, (known as the right to data portability).

[Note: this only applies where the processing is based on consent or is necessary for the performance of a contract with you and in either case the Council processes the data by automated means]

The right, where there is a dispute in relation to the accuracy or processing of your personal data, to request a restriction is placed on further processing

The right, in certain circumstances, to object to the processing of personal data. [Note: this only applies where processing is based on legitimate interests (or the performance of a task in the public interest/exercise of official authority)

The right to lodge a complaint with the Information Commissioners Office. Website: www.ico.org.uk

I consent to the collection, use and disclosure of my personal or company information in accordance with the Privacy Statement above.

Application Guidelines (PLEASE RETAIN)

Part 1: Types of Crane Operation, application timescales and associated fees

The application fees for Crane operations licences and Crane oversail licences are non-refundable as they are used to covers the cost to process your application.

Administration fees are determined by the category of works per road as follows:

Level 1 = **£451.26**

Level 2 = **£690.78**

Level 2 operations are charged at a higher rate as they have a greater impact on road and footway users and more work has to be done to coordinate these works with other activities taking place in the area.

Crane Operation Licence

Level 2 works are defined by the following:

- a carriageway closure is required and/or
- the structure is placed on a high category road (see a list of high category roads below)
- Maximum number of operational dates per licence is 4 days

All other Crane Operations will be classed as **Level 1**

Note: All Level 1 Licences will be issued for no more than 2 consecutive days per road and for no more than 2 non-consecutive days per road, in these instances multiple licences will need to be applied for and paid for.

Crane Oversail Licence

All Crane Oversail operations are classed as **Level 2**.

Note: Licences will be issued for no more than 6 months. Licences exceeding this limit will require multiple licences to be applied for and paid for.

Crane operations/oversails on Red Routes are licenced by Transport for London (TfL). You will need to contact TfL Forward Planning at TMANotifications@tfl.gov.uk.

Applications take up to 10 working days to process from receipt of application form, payment and supporting documentation. **You will need a separate application for each road/street.**

An additional **6 weeks** may be required if the crane operation is on or impacts any road on the SRN (see **Part 7**), or If we need to liaise with London Buses or a neighbouring borough on your behalf.

Part 2: If you need to restrict traffic or close a road to carry out your operation

If it not possible to maintain an absolute minimum of **3.0m width of carriageway** whilst carrying out your proposed operation, the Local Authority, if satisfied, may issue an order to restrict, regulate, or prohibit traffic under the Road Traffic Regulations Act 1984 from any road.

Therefore, if you require a **road closure** to facilitate your crane operation, **you will need to complete** both application forms to apply for road closure permissions and a crane licence. Please complete the **TTR application form**, which is available at www.camden.gov.uk/temporary-traffic-restrictions

Part 3: Operational Dates and Back-up Dates

Each application can only be licenced for up to **four operational dates** within a month, Crane oversail applications can be licenced up to **6 months**. It is understood that for various reasons crane operations cannot always be carried out on the date scheduled. For this reason we allow alternative back-up dates for your convenience. Back-up dates are an alternative and **must not** be used in addition to the planned operational date(s).

In all cases you will need to inform us whether the crane operation took place on the planned date(s). You will need to contact us by 10am on the next working day following the operational dates issued to you to:

- inform us that the operation is complete or
- request the use of the back-up dates

You will need to give a valid reason to use the back-up dates. The use of back-up dates will be at the Council's discretion.

Part 4: Working out of hours

Standard working hours are **8am to 6pm Monday to Friday** and **9am to 1pm on Saturday**.

If you wish to work outside of these hours you will need to get permission separately from the **Environmental Health team** by contacting 020 7974 4444 or www.camden.gov.uk/noisy-building-works

Please allow up to 20 working days' notice, works cannot commence without this permission being in place and will affect the response times to your application.

Part 5: Traffic Management Plans

You will need to submit a traffic management plan with your application. Your plan will need to include:

- How you intend to maintain traffic flow, both vehicular and pedestrian.
- Dimensions of works area and access left for pedestrians/vehicles
- The extent of changes to any restrictions in place, eg parking
- Location of any street furniture (bus stops, telephone boxes, trees etc)

Part 6: Traffic Management

You will be responsible for the provision and costs of traffic management and traffic signs on all affected roads.

Part 7: Works affecting the Strategic Route Network (SRN) and or high category roads

If your operation is on, or will significantly impact, any of the SRN roads in Camden we will need to consult Transport for London. Transport for London can object to the dates that you have applied for if they consider that traffic will be significantly impacted. If we receive an objection from TfL we will work with them, on your behalf, to find alternative dates for you to carry out your operation.
