

Privacy Notice – Future Camden Fund

The Future Camden Fund is a small grant and loan fund for small businesses, less than 5 years old, who are or who want to deliver social impact in Camden – for example creating employment, promoting inclusion, supporting wellbeing and action against climate change and environmental protection. The funding specifically seeks to support communities who are demonstrably under-represented in business finance. As well as financial support, successful applicants can access tailored business support through culturally competent and social impact specialist support providers.

What information we Collect?

The Future Camden Fund collects the following data;

- Personal data (name, email address, business address, telephone)
- Category data on the groups your organisation benefits and the thematic areas you work in
- Financial information about your business (business bank statement and audited accounts, other documents to support income generation reported in your claim such as invoices)
- If you wish to tell us, information about your cultural background, gender, education, disability or health conditions, sexuality, lived experience of homelessness or past convictions, where these might make you from an underrepresented community.

How we collect your data?

You will be asked to provide your data directly to us when you;

- Complete the Future Camden Fund Expression of Interest process
- Complete the full application form
- Sign a grant agreement
- Providing grant monitoring information on your project

How will we use your data?

We collect your data so that we can;

- Evaluate whether your business meets the fund criteria
- Pass your contact details to the business support providers – Black Owned London (www.blackownedlondon.com/) and Action for Race Equality (www.actionforraceequality.org.uk) to provide additional business support to grant recipients. This support is not compulsory.
- Evaluate whether the Future Camden Fund is meeting its objectives
- If successful, your data listed above will be passed to a third party – School for Social Entrepreneurs (www.the-sse.org) from whom we have licensed the Match Trading funding model (www.the-sse.org/about-school-for-social-entrepreneurs/match-trading). SSE will will analyse the Match Trading data by organisation (and therefore by different thematic and sector areas) to generate a better understanding of what works for trading performance under the Match Trading funding model.
