Application Guidelines

Part 1: Types of Temporary Traffic Restriction, application timescales and associated fees

The fees associated with implementing temporary traffic restrictions are dependent on the type of restriction put in place, the nature of the road and the section of the Road Traffic Act used to implement the restriction.

Temporary restrictions on Red Lines are implemented on your behalf by Transport for London (TfL). You will need to contact TfL Forward Planning at TMANotifications@tfl.gov.uk.

Additional fee is payable for: Crane Operations, Removal or/and Replacement of Road Markings and Parking Bays and/or any other road restrictions. Please allow additional lead times to process as these works are undertaken by Camden's Implementation Team.

Cancellation fees are detailed in part 7.

An additional 4 weeks may be required if the TTR is on, or impacts any road on, the SRN (see Part 4), or if we need to liaise with London Buses or a neighbouring borough on your behalf.

Section of RTA	Processing Fee	Description of use	Processing timescales
14(1)	<p>Minor: £2,772.40 (less than 1 week and low category road)</p> <p>Standard: £3,131.10 (1 week to 6 months and/or <u>all high category roads, see part 4</u>)</p> <p>Major: £5,636.21 (6 – 18 Months)</p>	<p>The traffic order is based on duration of all planned works.</p> <p>This can be for a maximum of 18 months for restrictions affecting the road/carriageway or a maximum of 6 months on footpaths and cycle lanes.</p> <p>The maximum period will only be allowed if the Council is satisfied, that it is necessary to facilitate the works.</p> <p>Once a S14(1) has run to the maximum allowable period the Council does not have the power to extend or renew the order, it is therefore vital that you ensure that you consider if your works will take longer than 6 months (footpaths and cycle lanes) or longer than 18 months (road/carriageway), allowing time for unplanned delays to your programme, and apply for a S15(2) if more appropriate.</p>	<p>6-8 weeks from receipt of application form, payment and supporting documentation.</p>
14(2)	£3,178.53	<p>To facilitate emergency works. Restrictions will be in place for less than 21 days.</p> <p>The Council <u>must</u> be satisfied that the nature of work being carried out is to facilitate the removal of an emergency situation and it is at the Council's discretion as to how long the restriction will be in place.</p>	<p>Applications are progressed immediately upon payment</p>
15(2)	£14,588.67	<p>The restriction is required to be in place for longer than 18 months. The Council <u>must</u> be satisfied that the works cannot be completed in less than 18 months and that a restriction under S14 (1) will not suffice.</p>	<p>12 weeks from receipt of application form, payment and supporting documentation. The Council consults various stakeholders before approving the restriction.</p>

PLEASE NOTE THAT ANY DETAILS STATED IN AN ORDER ARE FINAL AND CANNOT BE AMENDED OR EXTENDED ONCE APPROVED; FURTHER APPLICATIONS WOULD NEED TO BE SUBMITTED AND PAID FOR IN ORDER TO ACCOMMODATE THIS.

Part 3: Operational Dates and Back-up Dates

Back-up dates are only given for Crane Operations.

Part 4: Works affecting the Strategic Route Network (SRN)

If your works are on, or will significantly impact, any of the SRN roads in Camden we will need to consult Transport for London.

Transport for London can object to the dates that you have applied for if they consider that traffic will be significantly impacted. If we receive an objection from TfL we will work with them, on your behalf, to find alternative dates for you to carry out your works.
